Board Responsibilities and Expectations

Board Meeting Attendance: All voting members of the board are expected to attend all board meetings as well as the October General Meeting and Annual Meeting. When unable to attend, a board member should ask to be excused by the President. Non-voting members of the board are encouraged to attend as often as possible and to participate in board discussions. All board members are asked to stay for lunch following the board meetings. The time together is valuable in creating relationships which facilitate our work.

Board Meeting Preparation: Two weeks prior to each board meeting the President will send out an Attendance and Agenda Request via email. You are asked to respond as quickly as possible to let her know if you will attend and if you have an item for the agenda. **Please respond by replying to the request email. Do not respond verbally or by starting a new email.** If the item requires discussion or a vote, you must submit a written report for the board packet one week prior to the meeting. Written reports for items not requiring a vote or discussion are at your discretion. All motions must be submitted in writing to the Recording Secretary by email or at the meeting to ensure accuracy. Reports will be compiled along with the agenda prior to the meeting and distributed via email to all board members. You are asked to take the time to read and be familiar with the board packet prior to the meeting. In addition to notifying the President about your attendance, you must also contact the Arrangements Chair to let her know whether to expect you for lunch. A lunch may not be available for you if you miss the deadline. Last minute cancellations will still be responsible for the cost of lunch. The current **Arrangements Chair is Elmira Weston, 5018 Hillside Rd., Columbia, SC 29206, (803) 787-5089, elmiraweston@gmail.com.**

Confidentiality and One Voice: Board meeting discussions should remain confidential outside of the board meetings. Once a decision has been made, all board members must speak with one voice regarding that decision. Of particular importance is confidentiality regarding admissions. See Article X, Section B., Item 8. of the Bylaws: “The members of the Board of Managers and the Admissions Committees shall be honor bound not to divulge the proposals, elections or rejections of candidates for membership.”

Financial Responsibilities: Board members are legally responsible for the financial condition of the organization. We are fortunate to have a competent and diligent team on the Finance Committee. However, all board members are expected to understand

the budget and to work within its confines. In addition, board member participation is essential for formulating and approving the budget for the following year. Board members are reminded not to solicit contributions on behalf of NSCDA-SC without approval of the board. Please be sure that your committee members understand this as well.

Board members are expected to contribute annually to all of the following:

NSCDA-SC Colonial Council (formerly The Powder Magazine): This is our very own NSCDA-SC building. It is the source of our educational programs and greatest impact on the public. It is almost exclusively supported by SC Dames and should be the primary beneficiary of your Dames contributions. Gifts are referred to as Partnerships.

Dumbarton House: This is our National Headquarters, which provides many resources to Dames and the public. Assistance to corporate societies by Dumbarton staff continues to increase. You should make every effort to contribute to the annual Friends of Dumbarton House campaign. In addition, Dumbarton House Fund for the Future and the current \$10 Million NSCDA Comprehensive Campaign deserve your consideration. Dumbarton House is supported by Dames nationwide.

Gunston Hall: built ca. 1755-59, was the plantation home of George Mason, founding father and principal author of the Virginia Declaration of Rights. His call for freedom of the press, tolerance of religion, and other individual rights inspired many seminal freedom documents worldwide, including the Declaration of Independence, the U.S. Bill of Rights, and the United Nations Universal Declaration of Human Rights. The Georgian-style mansion features some of the finest 18th-century ornamental architecture in the country, with exquisite interiors largely designed by Mason's indentured London carpenter William Buckland and intricately hand carved by William Bernard Sears. The Louis Hertle Deed of Gift, executed February 25, 1932, defined the creation of a Board of Regents. The Deed of Gift conveyed to the Commonwealth of Virginia George Mason's estate, Gunston Hall, and specified that this memorial, Gunston Hall, be managed and supervised by a Board of Regents, comprised of members of The National Society of The Colonial Dames of America.

Sulgrave Manor: A superb example of a 16th century Manor House and Garden. It was built by Lawrence Washington, direct ancestor of George Washington, the first President of the United States of America. In 1914, Sulgrave Manor was presented by a body of British subscribers to the Peoples of Great Britain and the United States in

celebration of the Hundred Years of Peace between the two nations. In 1924, the NSCDA raised \$112,000 from to endow the Manor and Grounds in perpetuity. NSCDA continues to support the property by raising funds from members.

The confusing part for many of us is what seems to be an erratic timetable for the solicitations. One solution might be to give on your own schedule. Simply select a day each year, decide how much you want to give to each of the properties and write your checks all at once. See below for instructions on where to send in unsolicited donations.

Voting on Admissions

Voting takes place twice a year in May and November. All voting members of the board are expected to vote. All board members are honor bound to keep the people, process and results confidential. Proposals require a proposer and an endorser. Each proposal is considered by both a town committee admissions committee and the state admissions committee prior to being presented to the board with the recommendations from both committees. Candidates who receive two no votes will not be invited to membership. A blank on a ballot is considered a no vote. It is impossible for every member of the board to know every candidate. Therefore, you must rely on the recommendations from the admissions committees, the reputations of the proposer and endorser and the comments made during the voting session to make your decision. A general rule is that if there is no reason not to vote for someone, then you should vote for them.

Also, it is important to note that it is not up to the board to worry about lineage. It is the candidate's responsibility to prove qualifying lineage after she has been invited to join. We are voting on whether the candidate would be a welcome addition to our membership.

The words of former NSCDA President, Mrs. Joseph Rucker Lamar still serve as a reference:

“The fact that we base membership on descent leads the public and some of our own members to assume that eligibility is the only requisite, barring actual undesirability, whereas it has always seemed to me (and I believe it did to the founders) that the only excuse for such a requirement lies in the fact that the descendant is worthy of the ancestor and has, if anything, added to his inheritance; not concealed it in a napkin. Of what use or value is distinguished ancestry, if it does not predicate distinction in the descendant? Otherwise, far from being a source of pride, it should be a reason for the opposite in the presence of those who, without such a stimulus, have achieved distinction.”

NSCDA Conflict of Interest Policy SC Society

Purpose: The purpose of this conflict of interest policy is to protect NSCDA-SC's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer, board member, employee or volunteer of the NSCDA-SC or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Definitions: *Conflict of Interest* (also Conflict) means a conflict, or the appearance of a conflict, between the private interests and official responsibilities of a person in a position of trust. Persons in a position of trust include staff members, officers, volunteers and board members of the NSCDA-SC. *Board* means the SC Society Board. *Officer* means an officer of the SC Society Board. *Volunteer* means a person ~ other than a board member ~ who does not receive compensation for services and expertise provided to and retains a significant independent decision-making authority to commit resources of the organization. *Staff Member* means a person who receives all or part of her/his income from the payroll of the NSCDA-SC. *Member* means a Member of which shall be a state association of nonprofit organizations that represent a statewide and multi-sector or subsector 501 (c)(3) constituency with a diverse range of corporate identities, or a regional association of nonprofit organizations that represent a specific region within a state or multi-state geographic area and a multi-sector or subsector constituency with a diverse range of corporate identities. *Supporter* means corporations, foundations, individuals, 501 (c)(3) nonprofits, and other nonprofit organizations who contribute to the NSCDA-SC.

Anyone in a position to make decisions about spending NSCDA-SC resources (i.e., transactions such as purchases, contracts) – who also stands to benefit from that decision – has a duty to disclose that conflict as soon as it arises (or becomes apparent); s/he should not participate in any final decisions.

Policy and Practices:

1. **Duty to Disclose:** Full disclosure, by notice in writing, shall be made by the interested parties to the President of the SC Society in all conflicts of interest. Common examples of potential conflicts of interest include:

- a. Holding a substantial financial interest in a competitor, supplier, vendor, donor, contributor, or customer;
 - b. Accepting cash or gifts of greater than a normal value from customers, donors, companies, or other individuals in exchange for some benefit;
 - c. Using the organization's resources (funds, equipment, facilities, know-how, or personnel) for other business or personal activities from which the employee or board member might materially benefit;
 - d. Using, permitting or requiring others to improperly use the organization's equipment, materials or other assets owned by the organization;
